## EXPERIENCE

### Miller's Professional Imaging/Mpix, Columbia, MO

#### *Purchasing Manager*

FEBRUARY 2022 - PRESENT

- Utilizing Microsoft Dynamics 365 Business Central as the primary ERP, perform regular inventory audits to ensure usage is tracked accurately and to maintain appropriate inventory levels.
- Collaborate with production coordinators to create usage forecasts for over 600 SKUs.
- Place POs with vendors based on forecasts developed.
- Maintain consistent contact with existing vendors to help timely delivery of shipments.
- Perform cost analysis of current inventory items and communicate pricing expectations with vendors.
- Train and support the Warehouse Manager to provide production teams with the most accurate inventory information.

#### *Warehouse Manager*

FEBRUARY 2020 - FEBRUARY 2022

- Maintained inventory for a warehouse of over 700 bins.
- Oversaw intake and put-away of shipments.
- Fielded regular pick requests from our various production departments and facilitated timely delivery from the offsite warehouse to our production facility.

#### *Finish Department Lead*

JULY 2015 - FEBRUARY 2020

- Developed best practices throughout various areas of production.
- Oversaw training of new and seasonal team members.

#### *Finish Department Team Member*

AUGUST 2011 - JULY 2015

- Collaborated with a team of 10-20 to guarantee a high level of detail when working with customer orders.
